STAY CLOSE

from far away

with apps and TXT powered by One NZ Satellite.

Stay connected outside of cell tower coverage

The first satellite mobile network in NZ

Use apps and send TXTs via satellite

No extra cost on our best mobile plans

New Zealand's first satellite mobile network is now powering both mobile apps and TXT, offering an out-of-this-world connectivity experience.

TXT and use apps like WhatsApp, Facebook Messenger, Google Maps, Plan My Walk, and more via satellite to do things like make a quick call, check weather updates, or track your route. All that's needed to help you feel safer and better connected is an eligible phone and plan, and a line of sight to the sky.

Satellite coverage kicks in automatically whenever you go somewhere cell towers can't reach (around 40% of NZ's landmass!), so you can stay connected in places you couldn't before - on the road, on the farm, up in the mountains or even out on the water. It really is coverage like never before!

Satellite TXT

Send TXTs and attachments, like photos, voice notes, and even short videos.

Satellite Data

Access select mobile apps to check maps, make WhatsApp calls, search online via MetaAI, and more.

Looking for a new phone? Keep an eye out for the satellite-ready icon on eligible phones. You can also see which features your current phone supports at one.nz/satellite

It's easier with eSIM

An eSIM is an embedded SIM card that's built into the latest phones, tablets and watches that lets you connect seamlessly.

- No more SIM swapping when you change phones

- Use two phone numbers on a dual SIM-capable device
- eSIM for watch - add OneNumber to your Pay Monthly plan for only \$5/month and make calls, stream music and more from your eligible Apple or Samsung cellular smartwatch.

20 international Add-On destinations include:

Pay Monthly Plans: Lite Plan: Unlimited voice calls & TXTs to standard NZ & Aus numbers (e.g. no short codes or MMS/PXT). Personal Mobile use only. Mobile Terms and Pay Monthly Terms apply. Can be withdrawn at any time. Endless Plans and One Plan™: Speeds reduced to a maximum of 1.2Mbps after Max Speed data allowance exceeded. Unlimited voice calls & TXTs to standard NZ & Aus numbers (e.g. no short codes or MMS/PXT). Personal Mobile use only. Fair use applies. Mobile terms and Pay Monthly terms apply. MODEMS & ADD-ONS

SmartWiFi

Broadband doesn't need to be made complicated. Our SmartWiFi modems are easy to set up, simply plug in and play.

Easy to set up, easy to use
Hit the ground running, just plug in and play. You've also got the option to take control of your internet using the Deco app which unlocks all sorts of smart features.

Device prioritisation
Forget the days of patchy work meetings when others are streaming or gaming. Set your important devices to High Priority so they have the best performance.

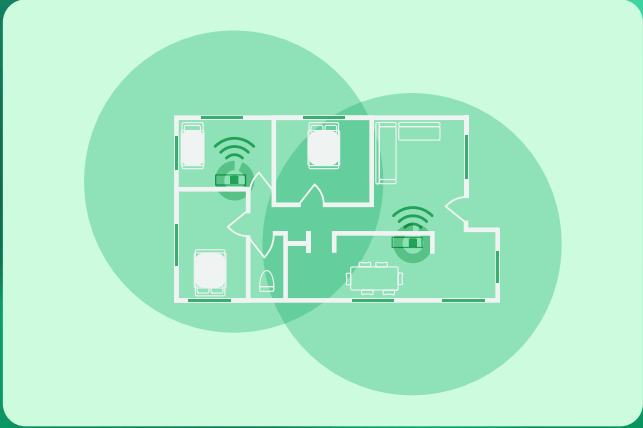

Guest WiFi
Set up a separate 'Guest Network' to keep visitors and friends connected to the internet whilst helping protect your main WiFi network from security threats.

Parental controls
SmartWiFi offers a suite of parental controls to keep everyone safer online. It puts you in charge of the websites your kids can access, see what sites they're using and even set a daily time limit for their online activity.

SmartWiFi Add-On: SmartWiFi only available on Wireless Broadband plans and Fibre Broadband plans. SmartWiFi Add-On included for \$0/month on Wireless Broadband plans on a 12-month term. SmartWiFi is \$5/month on Fibre Broadband plans on a 12-month term. Fees apply if you cancel or transfer your plan or billing account within 12 months. TP-Link Deco App may be required. Coverage can be impacted by factors such as network conditions and environmental factors. Offer may be amended or withdrawn by One NZ at any time. Terms apply, see SmartWiFi Terms.

SuperWiFi

Add SuperWiFi to your SmartWiFi modem for extended mesh coverage around your home. Only \$5/month per mesh unit on a 12-month term.

Latest mesh technology
Using the latest in next-gen WiFi mesh technology. SuperWiFi units work together to form a single, unified network.

Customise your network
Add up to 6 SuperWiFi mesh units to tailor a whole-home WiFi solution that works for you.

SuperWiFi Add-On: Sign up to SmartWiFi on Unlimited 4G or 5G Wireless Broadband or Fibre Broadband to be eligible for SuperWiFi. Each SuperWiFi mesh unit is \$5/month on a 12-month term. Fees apply if you cancel or transfer your plan or billing account within 12 months. TP-Link Deco App required. Coverage can be impacted by factors such as network conditions and environmental factors. Offer may be amended or withdrawn by One NZ at any time. Terms apply, see SuperWiFi Terms.
