

The Case For Donating

Information for laptop donors

What Thaki does

Thaki is a non-profit with a mission to unlock the potential of **refugee and vulnerable children**.

We provide **refurbished laptops and digital education software** to schools catering to vulnerable and refugee children.

How we unlock potential

Collect

Organizations can donate their gently used electronic devices to us. We collect them and give them new life.

Distribute

We then distribute the devices to education centers that work with refugee and vulnerable children.

Monitor

We monitor and evaluate our impact to continuously learn from and improve our services.

Recycle

Via our disposal partners, schools can responsibly retire and recycle devices when they reach the end of their lives.

Load

We have developed a platform that integrates a variety of informative, interactive and educational content.

Train

We provide resources and tools to support teachers and children in e-learning and digital literacy.

Develop

We've co-develop a social emotional learning intervention and app to address the wellbeing of our young learners.

Our impact on children's lives

94%
of students

find Thaki content helpful at school

59%
increase

in students' confidence using a computer

19 percentage point
increase

in students reporting 'good' or 'very good' maths knowledge

*External evaluation by the Centre For
Lebanese Studies, 2022*

Your donation reduces e-waste

- **Laptop lifetime extension: 3-7 years**
- **Staff are engaged & inspired**
- **Directly support children in need**
- **Meet ESG goals**

“Thaki plays an extremely important role in helping corporates like PwC achieve our internal sustainability and CSR ambitions”

Swati Randev-Verma, CSR Manager,
PwC Middle East
