About Us

Corporate Pero Latinos (CPL) is a membership-based community and professional network dedicated to creating a sense of belonging and opportunities for Latinos in and out of the corporate world.

Expanding Our Impact Through Partnerships

Undocumented students continue to face significant barriers to accessing higher education, including financial hardship, emotional strain, fear, and limited institutional support (Huber & Malagon, 2018; Murillo, 2021). In today's evolving geopolitical climate, these challenges have intensified as funding streams and support systems have been reduced–further disadvantaging DACA recipients and undocumented students within the Latino community. CPL intentionally invests in Hispanic/Latino students through the Sin Paredes Scholarship and our ESL program to help close these gaps and expand equitable access to education. By partnering with CPL, sponsors directly support grassroots, chapter-led initiatives that expand opportunity, strengthen talent pipelines, and create culturally affirming pathways to academic and professional growth.

Our Impact to Date

- 9 scholarships awarded across NY, WA, IL, and FL
- $15,000 raised
- Active chapter network expanding local outreach and scholarship visibility in key markets

Community Investment that Matters

When your organization allocates funds toward community impact, diversity initiatives, or local engagement, we provide a trusted and mission-aligned avenue for investment. Supporting our work strengthens local families while demonstrating your company's commitment to inclusive growth.

Our Goal

CPL is seeking funding to support our Sin Paredes Scholarship program which aims to distribute at least $20,000 in scholarships to eight deserving students over 2026-2027.
